THE PRICE OF INSURANCE.

The people by legislation fix the price of insurance. If they desire less protection the price can be reduced. If less safety will be satisfactory, premium rates can be lowered. The price of insurance would have long ago been reduced by competition if reductions were possible. Insurance at cut rates would bleed to death, and the policy would die before the policyholder. 57th year, doing business in 43 states.

ATTEMPT FAILED AGAIN.

Referendum Order Didn't Pass Boston's Common Council.

Boston, Feb. 9.—Another attempt to pass an order through the common council providing for a referendum on the question of municipal ownership of gas companies failed last evening, as it did a week ago, through the lack of the necessary two-thirds vote of the entire council, the division standing 44 for the order to 15 against it in a membership of seventy-five. The vote last week was 42 to 19 in favor of the order. While the debate last night was not so bitter as that of a week ago, every effort was made by the advocates of the measure to obtain votes. After reconsideration had prevailed several efforts were made to lay the order on the table.

After these had failed, Councilman Daniel J. Kiley offered an order for the appointment of a committee to consider the matter and report next July. This also failed and then after another hour or two of debate a vote was taken and it was found that the order had been defeated for a second time, a last attempt to push the order through on a point of order that the measure had received a two-thirds vote of the members present was overruled by the chair, and the council adjourned.

EAST BARRE.

Leon and Clara Hutchins came from Plainfield to spend Sunday with her mother, Mrs. David Watson.

There are quite a number taking advantage of the reduced rates offered by the N. E. O. P. The members of the order are looking forward to an evening of much interest on Feb. 19. It is hoped all will come out.

Mrs. Achenbach, Mrs. Robert Woodward and Mrs. McArthur went to Williamstown Thursday to attend the meetings held by Mr. Giffam. They were entertained by Mrs. Frank Tucker. They brought back splendid reports of the meetings.

The usual service will be held in the morning in the Congregational church conducted by Rev. S. T. Achenbach. There will be no service here in the evening as our pastor preaches in Orange.

An accident occurred yesterday at Fred Greason's stone shed when J. Brest got his fingers jammed between two stones. Dr. McArthur dressed the wound.

The cow was finally shot by a veterinary surgeon.

FEAR UPRISING IN NATAL.

Natives Slay Troopers in Revolt at Poll Tax Collection.

Pietermaritzburg, Natal, Feb. 10.—The collection of the poll tax from natives near Richmond has led to trouble which it is feared will spread and possibly develop into an ugly uprising.

Armed natives have resisted the collection of the tax, and have wounded with spears an inspector of police and a trooper. Fourteen mounted police who were proceeding to the scene have been attacked, and six are missing.

Cavalry and artillery and outlying detachments of police have been called in and are being concentrated to deal with the recalcitrant natives.
